Open Up

- What's the greatest feast you've ever participated in?

Dig In

- Do you believe that people can be possessed by demons today? Why or why not?
- How can you and the Church live out Jesus' call to heal the sick? Are miracles the only way that this can happen?
- Who are the "outsiders" today? What can we do to include them?
- In what ways should the Christian faith impact our political process today?

Move Out

- What can you do this week that moves you from belonging to a church to being the Church? Whatever it is, do it this week.
- In what ways does your life show your lack of trust in God to provide? What needs to change so that your life and your faith better align? Commit to doing it.
- This week whenever something or someone interrupts your agenda, choose to look at it as an opportunity for ministry...to pray or serve.
