\*Parents are required to attend the first and last class with their students.

*Small Catechisms and Folders will be distributed to each student at the first class. Students should bring these and their Bibles, to each class.*

### **What is the parents' role in Affirmation of Baptism?**

Research has shown that no matter how many hours a child spends in church or religious education, parents are still the primary influencers of their child's faith and values. It will be very important for parents to be invested in this journey with their students in the following ways:

- Help your student with their Bible memory verses
- Regularly attend worship with your student
- Attend the first and last Affirmation of Baptism class
- Work with them on the "Take it Home" piece after each class
- Ask them questions about what they are learning
- Model Christ's love and forgiveness for them
- Pray for them throughout this journey
- If a parent, godparent, sponsor or guardian is unable to support a student through this process, Prince of Peace staff will help find an individual mentor
